

Helpful Hints for Switching your Account

Switching your account can be **Quick & Easy**

Our goal is to make switching your accounts as quick and easy as possible. These instructions provide useful information to help you make the transition. If you have any questions, please don't hesitate to visit your local branch or call us for assistance.

Step 1 *Gather* **Information**

Review your account statements to identify all forms of automatic payments to and withdrawals from your former account. You may want to review several past statements as some companies may withdrawal funds quarterly.

Have your account information on hand:

New Financial Institution Name: _____

New Routing Number: _____

New Account Number: _____

Old Financial Institution Name: _____

Old Routing Number: _____

Old Account Number: _____

(The financial institution's routing number is the first 9 numbers printed on the bottom of your checks. If you don't have checks, contact your financial institution.)

Step 2 *Transfer* **Direct Deposits**

Direct Deposit makes it possible for your paycheck, Social Security payments and other checks to be deposited directly into your account(s). Direct deposit ensures your funds are available without making an extra trip to the branch to deposit your checks and typically your money is available faster.

Complete and mail the **Direct Deposit Authorization Form** to each company or organization that deposits money into your account and notify them of your new account number(s).

For direct deposit of Social Security benefits, call the Social Security Administration at 1-800-772-1213. You will need to provide them with the routing and account numbers associated with your new account.

Please note that many companies that make direct deposits to your account may require a voided check. To void a check, simply write VOID in large letters across the entire face of a blank check.

Step 3 *Change* Automatic Withdrawals

Review past account statement and make a list of all the companies or organizations that are automatically deducting payments from your account. Contact the companies or organizations and notify them of your new account.

Step 4 *Close* Your Old Account

Once your last check, automatic withdrawal, and/or automatic payment has cleared, you are ready to close your old account and destroy all remaining checks, ATM/debit cards and deposit slips.
