Hurricane Season – Are you Financially Prepared?

Anyone living in South Texas knows that September is usually the month with the most hurricane activity. In addition to preparing your home and family for a potential storm, be sure you are also financially prepared with the following tips:

- Gather financial and critical personal, household and medical information and have them ready to take with you in case you need to evacuate. Keep these documents in a water-proof bag or pouch for safe-keeping.
- Download our mobile application (TX BRIDGE CU) to have online access to your accounts in case you

have to evacuate or our locations are not open.

- Consider saving money in an emergency savings account that could be used in any crisis. Keep a small amount of cash at home in a safe place. It's important to have small bills on hand because ATM's and credit cards may not work during a disaster when you need to purchase necessary supplies, fuel or food.

- Obtain property (homeowners or renters), health and life insurance if you don't have them. Review existing policies for the amount and extent of coverage to ensure that what you have in place is what is required for you and your family for all possible hazards.

We encourage you to remain prepared for the duration of hurricane season. For additional helpful information and tips on planning for a hurricane, please visit: www.ready.gov/hurricanes
